## School Description and Mission Statement

Escondido Charter High School is located 30 miles north of San Diego. It serves approximately 900 students in two distinct types of learning environments. The Traditional Classroom Program (TCP) provides classroom-based instruction with an average class size of 18 students. The classes are primarily at the College Preparatory, Honors, and Advanced Placement levels and are designed to prepare students to enter a four-year university upon graduation. During the 2011-2012 school year, there were nearly 350 students in TCP, each of whom was chosen in a lottery.

The Individualized Learning Program (ILP) provides general and college preparatory programs on a flexible, college-style schedule in a format designed to meet a variety of student needs. ILP is a year-round program. The ILP population is comprised of a wide spectrum of students who choose this setting rather than a traditional comprehensive high school program. During the 2011-2012 school year, there was an average of 550 students enrolled in this program.

**Mission Statement:** Escondido Charter High School is committed to providing a safe and orderly learning environment where teachers are responsible for implementing a curriculum based on the fundamental skills that form the foundation of learning: reading, writing, mathematics, and computer skills. Accomplishment in academic areas is stressed. In addition, Escondido Charter High School emphasizes the understanding and appreciation of American Civilization and United States History. Escondido Charter High School believes that parents and the school share a dual responsibility in developing the education plan that will provide the individual student the opportunity to succeed both as a scholar and as a citizen.

## Opportunities for Parental Involvement

Parents play an integral role in the success of ECHS. The Parent Volunteer Organization meets regularly, and parents serve on the ECHS Board of Directors. It is common to find parents chaperoning dances and volunteering during the school day. ECHS hosts a variety of events including an annual Back to School Night and Grad Night. Parent participation is important to the success of these events. In the Individualized Learning Program, parents are considered to be educational partners, and parent contact with the student's Teacher of Record is vital to student success.

## School Safety Plan (School Year 2011-12)

Escondido Charter High School prides itself on providing a safe, orderly learning environment. A full-time security guard ensures student safety before, during, and after the school day. Fire drills are held at least twice each school year, and lock-down drills are held at least once each school year. ECHS has an Emergency Procedures manual that details protocols in emergency situations including building evacuation, lock-down, and building containment. All classrooms are equipped to receive intercom instructions from the main office in case of an emergency, and personnel have been trained on protocols and procedures to follow.

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

## California Physical Fitness Test Results (School Year 2011–12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

*Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.*

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API* Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

## Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in ELA and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

## Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)

AYP Criteria	School	Sponsoring District

Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	Yes
Met Percent Proficient - English-Language Arts	Yes	No
Met Percent Proficient - Mathematics	No	No

## Federal Intervention Program (School Year 2012-13)

Escondido Charter High School is not in any federal intervention program nor has it been identified for Program Improvement. Escondido Charter High School does not receive Title I funding.

## Career and Technical Education Programs

Escondido Charter High School offers courses in Criminal Justice and Fire Technology for students who wish to pursue those career pathways. During the 2012-13 school year, 22 students were enrolled in these programs. Each of the four courses offered is articulated with Palomar Community College.

## Admission Requirements for California Public Universities

### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the *UC Admissions Information Web page* at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

### California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

### Dropout Rate and Graduation Rate

Indicator	School			Sponsoring District			State		
	2008-09	2009-10	2010-11	2008-09	2009-10	2010-11	2008-09	2009-10	2010-11
Dropout Rate		4.8	9.2		7.2	10.2		16.6	14.4
Graduation Rate		84.03	81.68		83.64	81.56		74.72	76.26

Note: Cells shaded in black do not require data.

### Completion of High School Graduation Requirements

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. During the 2011-2012 school year, all students in grade twelve at Escondido Charter High School passed the CAHSEE graduation requirement.

### Courses for University of California and/or California State University Admission

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment and completion of courses required for UC/CSU admission can be found on the CDE [DataQuest](#) Web page.

UC/CSU Course Measure	Percent
2011-12 Students Enrolled in Courses Required for UC/CSU Admission	52.1%*
2010-11 Graduates Who Completed All Courses Required for UC/CSU Admission	38.5%**

\*Approximately two thirds of the school's population is enrolled in independent study. Most of these students plan to go from high school to community college and follow a general level credit plan. On the other hand, all students in the Traditional Classroom Program are enrolled in courses that meet the UC/CSU admission requirements, and approximately 87 percent of these students each year complete those courses. \*\*Many students in independent study initially enroll in a college preparatory curriculum but switch to a general level curriculum at some point in their high school career. This accounts for the discrepancy between the percentage of students enrolled in UC/CSU required courses and the percentage of students who complete those courses.

## Advanced Placement Courses (School Year 2011-12)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the CDE [DataQuest](#) Web page.

Subject	Number of AP Courses Offered
Computer Science	
English	2
Fine and Performing Arts	
Foreign Language	
Mathematics	1
Science	
Social Science	1
<b>All courses</b>	<b>4</b>

*\*Due to small numbers in the Traditional Classroom Program, it is fiscally prohibitive to offer a wide variety of AP courses. However, some students in Honors classes study for, and ultimately pass, AP exams in various areas, as shown in the table below:*

AP Exam offered 2011-2012	Students attempting AP Exam 2011-2012	Students passing AP Exam	Percent of students passing AP exam
Calculus AB	13	7	54%
Calculus BC	1	1	100%
English Language	22	21	95%
English Literature	19	10	53%
U.S. History	20	17	85%

## Professional Development

ECHS provides a minimum of three full days for professional development each year. New classroom teachers are assigned to an experienced mentor, who guides them in the early years of teaching. Teachers are provided opportunities to complete a variety of professional growth activities including on-line professional development courses and attending professional conferences and instructional seminars. Teachers may complete a professional development research program that includes group and individual professional reading and preparation of academic papers and reports.

## Sports and Clubs

While academics remain the top priority at Escondido Charter High School, students are learning time management skills as well as the benefits of competition by participating in our supportive and expanded extra-curricular environment. ECHS has a full complement of CIF sports, including football that runs all year long. Sports teams are comprised of students from both programs.

With a tight budget, many staff members and community members coach at no charge. Here are the current sports and organizations offered at ECHS:

**Sports:**

- Cheerleading
- Cross Country – Girls and boys combined
- Track and Field
- Football
- Girl's Tennis
- Volleyball
- Boy's Basketball
- Girl's Basketball
- Boy's Soccer
- Girl's Soccer

**Organizations other than sports:**

- Academic League
- Civil Air Patrol
- Key Club

In addition to clubs and sports, students in the Traditional Classroom Program have the opportunity to belong to "houses" designed to build a sense of community. There are four houses: Halcyon, Sideris, Conor, and Excelsior. The houses combined have approximately 275 members. The students wear different colored scarves, have "house chants," and participate in competitions.
